

Police Report – December 2015

The national website which provides you with crime statistics for your area can be found at - <http://www.police.uk/leicestershire/L55/>

Crime Alert

In October we received 323 calls from members of the public relating to incidents across the three parishes.

The dark nights have been with us for some time now. Have you taken any steps to secure your home? Installing a timer device to one of your lamps, leaving a light or the TV on whilst your out, can make a potential burglar think twice about trying your house. Please contact us if you would like us to do a security visit and offer you any further advice.

Theft from Motor Vehicles hasn't gone away either as criminals continue to target those vehicles that people have left valuable items in. If you don't leave anything in your car, it is at a much lesser risk of being broken into. Try leaving your glove box open so that any would be thief can see there is nothing to steal from your car. If you are lucky enough to have a garage then this is the best place to keep your vehicle secure.

Anti-Social Behavior

We had 4 reports of ASB across the three with the continued issues involving youths misbehaving around Glenfield, primarily around the COOP. The Glenfield Beat Team have taken the details of numerous individuals and have begun, in partnership with the District Council, work to take action against those choosing to behave in an antisocial manner. The behaviour of certain groups of youths remains a problem and we are currently working on trying to identify further offenders and would encourage anyone with any information to come forward and report it to 101. It is important to remember though that this is a small group of youths responsible for these problems.

Beat Initiatives

The beat team visited some of the small stores across the three Parish's around Christmas and gave out security advice and consulted shoppers regarding any issues they may have.

Following complaints from users of the underpass near County Hall the beat team have begun to see what can be done to try and improve the location. There have been recent reports of graffiti and fires being set in the underpass.

Street Surgery

We will be holding a street surgery on Wardens Walk and Marriott Close, LFE on 15th February 2016 between 11am - 1pm. We will be knocking on residents doors to see if anyone has any issues in the area.

The beat team will be in the Glenfield Police Office on Ellis Park in Glenfield on 17th February between 10am -12pm.

If you have any policing concerns in your area please come along to the surgery where one of the local officers will be pleased to discuss them with you. The surgery is open to anyone who lives or works in the local area.
