

Police Report – July 2015

Crime Alert

During July we received 339 calls to our control room from members of the public across the three parishes.

Several reports were made to police regarding theft of plant pots and garden accessories, these calls were from all three parishes however it was predominately reported in LFE. Please be vigilant that these crimes are occurring quite often and please report anything suspicious on 101. In light of the recent news in Calais and Dover regarding migrants trying to enter the country we as a beat have also seen an increase in reports of stowaways aboard HGV's at both LFE services and Glenfield Mill Lane, in each case the stowaways were arrested for immigration offences and were dealt with accordingly.

Vehicle crime on a whole seems to be down which is a great result, however still continue to take all property out of your vehicle and ensure you are securing your vehicles overnight.

Several Burglaries were reported throughout July with the method of entry continuing to be into the top floor of properties via flat roofs and forcing windows. If your property has a flat roof, please assess how easy it is to climb onto it, remove anything away from the walls that can be used as a climbing point and consider painting anti vandal paint around the edge of the roof to act as a deterrent.

ASB

There were 14 ASB issues reported to the police during July. In response to the drug taking on Ellis Park the previous month, during July we carried out targeted patrols using trained drug dogs to try and catch the offenders. Several young persons were searched.

Reports continue from members of the public in relation to anti- social behavior around Forest Park LFE, issues there seem to have now spilled out onto the new David Wilson building site where we have received reports from the site manager that young persons are breaking into the site, causing damage, or are throwing missiles from the park causing damage to the new roofs. The beat team is working towards obtaining the ID of the offenders involved.
