

Police Report – May 2015

Due to the need to free up officers time to concentrate on working in the community, this document is also changing in line with the new focus that your Dedicated Neighbourhood Team (DNT) has part of a recent restructure within the organization. The DNT now focuses more on community matters and less on crime investigation (which other departments within the restructure are responsible for investigating). We will still be reviewing all crimes and having an input on them depending on the circumstances of the offence.

The biggest change in the way this document is laid out is the removal of the Serious Acquisitive Crime (SAC crime) table for the previous month, which detailed crime in the area. In an effort to save officers time obtaining this data, we invite you to follow the below link which will take you to a national website which provides you with more in depth data with the information supplied being broken down close to street level.

<http://www.police.uk/leicestershire/L55/>

Crime Alert

Theft from Motor Vehicles continues to remain a problem throughout the County including Leicester Forest East, Kirby Muxloe and Glenfield. Although arrests have been made in relation to some of these offences, which saw a significant reduction in this type of offence, they have started to increase again. Typically offences have occurred in the late evening to the early morning (2200-0600). The main target has been works vans where tools have been stolen. Hotel car parks are locations where these offences are reported the most. Please remove tools from your vans, ensure they are locked and property mark/take down serial numbers of your property.

Anti – Social Behavior

There have been 7 reports of anti – social behavior over the past month. Most reports have been in relation to Anti-Social Behaviour in Leicester Forest East.

Football being played against the Pavilion off Kings Drive has resulted in youths climbing on the building to retrieve their football resulting in damage to the building and annoyance to the buildings users. The youths

are in their mid teens. If anyone you know may be responsible for this behavior we urge you to ask them to move away from the building to play. Any damage caused will be dealt with.

There is graffiti appearing in Leicester Forest East of a political nature that is ruining the aesthetics of the area. If you have any information in relation to any graffiti in the area please contact us and let us know by calling 101.

Issues highlighted to police over the month

We had 249 calls from members of the public last month reporting incidents and crime across the three parishes. Issues to be aware of include continues reports of a male begging at the LFE services. This male is known to the police and has been previously warned of his behavior, we continue to work with the services to try and tackle this issue. In addition at the M1 services again we had a couple of reports of Illegal immigrants being found coming off lorries. This is a common occurrence at all services Along M1, any immigrants found are arrested and dealt with expeditiously.

Warrants Executed

Two warrants were executed last month, one being at Chapel Green Street, Leicester Forest East and a business on Stamford Street Glenfield. Enquires continue with both of these.

Beat Initiatives

With the new changes implemented in Leicestershire Police last month we have seen a shift in how we work, with the view to be more community focused that we have previously been. As such the current beat initiatives are centered around linking in with the residents of the three parishes and establishing contacts within the community. With the beat team not focusing on crime as much as we did previously, this will free more time for us to patrol our areas and deal more with the issues that matter to you on a daily basis. We will be more involved in schools, local community groups and clubs making ourselves more accessible to you. Our focus will be along the lines of community consultation and engagement.

Street Surgery

We will be holding a street surgery on Desford Road, Kirby Muxloe on Thursday 14th May between 5pm - 7pm

This will give residents the chance to meet their local officers and get any crime prevention advice

Police Witness Appeals

Crime number: 22/03/05/2015

A 19-year-old man has died in a single vehicle collision in Leicester Lane, Desford.

The collision, which involved a green Ford Focus, happened at around 12.36am today (Sunday 3 May) when the vehicle was travelling towards Desford from the cross roads.

The driver was pronounced dead at the scene. Three passengers are being treated for minor injuries.

We would like to speak to anyone who either witnessed the collision or saw it in the moments before the incident.

Anyone with information can contact DC 4406 Kath Orr on 101.
