November issue covering October 2018

In your community...

The beat team were in the beat bus at the Co-Op in Glenfield, the Library in LFE and outside One Stop in Kirby Muxloe in October for local residents to come and meet a member of their beat and speak about any local issues. We'll be out again in November too:

- 14/11/18, 1930-2130, Bosworth Way, LFE
- 30/11/18, 1330-1530, Sainsbury's, LFE

The beat team visited Stafford Leys School and spoke with the Foundation stage children this month. They told us about detective work they had been doing about where Red Riding Hoods Grandma went and we shared stories about how the police help children and other people in the community. We have also been visiting drivers who are parking poorly around the school.

Anti-Social Behaviour (ASB)...

The beat team have investigated several neighbour disputes this month. It is always best to engage in civil conversation and come to an amicable arrangement whenever there is a problem arise. However, occasionally, this is not possible due to a breakdown in

communication. If a problem persists and you feel the situation is causing anti-social behaviour, contact us and we will mediate with all parties

Crime Prevention...

Harassment is a course of conduct that causes you to feel harassed, alarmed and/or distressed. If the behaviour of another causes you to feel you cannot go about your usual routine or someone is going out of their way to interact with you in an unwelcome manner then you are a victim and the police can help to prevent this from continuing. The most important thing is to recognize that you are being targeted in this way, and take the first steps to deal with it as quickly as you can. Things you can do, straightaway, if you think you are experiencing harassment or stalking include:

- -Keeping a diary of events. Write down the date, time, location and details of what happens. It's also a good idea to include information about any other witnesses who can confirm what happened.
- -Keeping copies of letters, text messages and emails, and taking screenshots of other online messages (e.g. on Facebook).
- -Trying to get 'evidence' of any events that happen at your home but be careful to do this discreetly. Waving a camera at someone who is harassing you is unlikely to help and could make things worse. Search 'victim support' online for a more information.
